### RADIO ONE, INC. REPORTS FOURTH QUARTER RESULTS

Washington, DC: - Radio One, Inc. (NASDAQ: ROIAK and ROIA) today reported its results for the quarter ended December 31, 2015. Net revenue was approximately \$109.4 million, a slight decrease of 0.3% from the same period in 2014. Station operating income¹ was approximately \$41.0 million, a decrease of 3.5% from the same period in 2014. The Company reported an operating loss of approximately \$11.3 million for the three months ended December 31, 2015, compared to operating income of \$19.4 million for the same period in 2014. Net loss was approximately \$24.3 million or \$0.50 per share compared to \$13.5 million or \$0.28 per share, for the same period in 2014.

Alfred C. Liggins, III, Radio One's CEO and President stated, "Overall, our radio advertising revenue was down 5.2% for the final quarter of 2015. We underperformed our markets in Atlanta, Baltimore and Houston, but outperformed in Washington DC. Our audience ratings have generally shown strong growth year over year, and I anticipate that we will monetize these audience gains in 2016. While our gross cable television advertising revenues were up by 11% for the quarter, the liability incurred due to under delivery against rate card meant that overall TV advertising revenue was down by 3.5% for the quarter. This was more than offset by the 27.5% increase in cable television affiliate fees. Management remains focused on turning around underperforming radio markets and advancing our digital and cross platform sales strategies. We have had a number of significant client successes with our One Solution cross platform sales and marketing effort, and I expect that momentum to continue into 2016."

Event Revenues & Other		1,470	1,740	(270)	-15.5%
Net Revenue (as reported)	\$	109,384 \$	109,730	\$ (346)	-0.3%

Net revenue decreased to approximately \$109.4 million for the quarter ended December 31, 2015, from approximately \$109.7 million for the same period in 2014. Net revenues from our radio broadcasting segment decreased 9.1% for the quarter ended December 31, 2015, from the same period in 2014, primarily from declines in our largest markets. We experienced net revenue growth in certain markets (most significantly in our Dallas and Washington D.C. markets); however, this growth was offset by declines in other markets (with our Atlanta, Baltimore, Houston, Indianapolis, and Raleigh markets experiencing the most significant declines). Reach Media's net revenues increased slightly by \$162,000 or 1.3% in the fourth quarter 2015, compared to the same period in 2014. We recognized approximately \$44.7 million of revenue from our cable television segment during the three months ended December 31, 2015, compared to approximately \$39.9 million for the same period in 2014, the increase due primarily from an increase in affiliate revenue. Finally, net revenues for our internet segment decreased 12.1% for the three months ended December 31, 2015, compared to the same period in 2014 due primarily to a decline in alliance revenue.

Operating expenses, excluding depreciation and amortization, stock-based compensation and impairment of long-lived assets, increased to approximately \$83.7 million for the quarter ended December 31, 2015, up 5.0% from the approximately \$79.7 million incurred for the comparable quarter in 2014. Corporate selling, general and administrative expenses increased due primarily to higher compensation costs and bonuses for the quarter ended December 31, 2015. In addition, our cable television segment incurred higher selling, general and administrative expenses associated with marketing costs and higher employee compensation costs.

Depreciation and amortization expense decreased to approximately \$9.0 million compared to approximately \$9.1 million for the quarters ended December 31, 2015 and 2014, respectively, a decrease of 1.4%. The decrease was due to the completion of useful lives for certain assets.

Impairment of long-lived assets for the quarter ended December 31, 2015 was approximately \$26.7 million. Our annual 2015 impairment testing resulted in a non-cash impairment charge of approximately \$3.1 million related to goodwill in our Cincinnati market as well as a non-cash impairment charge of approximately \$23.6 million associated with several of our radio broadcasting licenses.

Interest expense increased to approximately \$20.4 million for the quarter ended December 31, 2015, compared to approximately \$19.3 million for the same period in 2014. On April 17, 2015, the Company's 2011 Credit Agreement, as amended, and TV One notes were paid off, with balances of \$367.6 million and \$119.0 million, respectively. The payoffs were achieved by the Company entering into its new \$350.0 million 2015 Credit Facility, issuing the 2022 Notes in an aggregate principal amount of \$350.0 million and the Comcast Note in the aggregate principal amount of approximately \$11.9 million. The Company made cash interest payments of approximately \$17.7 million on all outstanding instruments for the quarter ended December 31, 2015, compared to cash interest payments of approximately \$10.4 million on all outstanding instruments for the quarter ended December 31, 2014.

#### PAGE 6 -- RADIO ONE, INC. REPORTS FOURTH QUARTER RESULTS

The benefit from income taxes for the quarter ended December 31, 2015, was approximately \$7.9 million compared to a provision for income taxes of approximately \$8.6 million for the comparable period in 2014. The decrease was due to the impairment of long-lived intangible assets that reduced the deferred tax liabilities and related deferred tax expense for 2015. The Company paid \$12,000 and \$15,000 in taxes for the quarters ended December 31, 2015 and 2014, respectively.

The decrease in noncontrolling interests in income of subsidiaries is due primarily to our increased ownership percentage of TV One.

Other pertinent financial information includes capital expenditures of approximately \$1.5 million and \$1.3 million for the quarters ended December 31, 2015 and 2014, respectively. As of December 31, 2015, the Company had total debt (net of cash balances, original issue discount and issuance costs) of approximately \$957.0 million. During the year ended December 31, 2015, the Company repurchased 345,293 shares of Class D common stock, granted to certain employees, in the amount of approximately \$1.4 million. The Company, as part of its 2009 stock plan, is authorized to purchase shares of Class D common stock to satisfy employee's tax obligations in connection with the vesting of share grants under the plan. There were no stock repurchases made during the three month period ended December 31, 2015, or during the three months or year ended December 31, 2014.

#### **Supplemental Financial Information:**

For comparative purposes, the following more detailed, unaudited statements of operations for the three months and year ended December 31, 2015 and 2014 are included.

Radio One, Inc. (radio-one.com), together with its subsidiaries, is a diversified media company that primarily targets African-American and urban consumers. It is one of the nation's largest radio broadcasting companies, currently owning and/or operating 56 stations in 16 urban markets in the United States. Through its controlling interest in Reach Media, Inc. (blackamericaweb.com), the Company also operates syndicated programming including the *Tom Joyner Morning Show*, the *Russ Parr Morning Show*, the *Yolanda Adams Morning Show*, the *Rickey Smiley Morning Show*, the *DL Hughley Show*, Bishop T.D. Jakes' *Empowering Moments*, and the *Reverend Al Sharpton Show*.

Beyond its core radio broadcasting franchise, Radio One owns Interactive One (interactiveone.com), the fastest growing and definitive digital resource for Black and Latin Americans, reaching millions each month through social content, news, information, and entertainment. Interactive One operates a number of branded sites including News One (news), The Urban Daily (men), Hello Beautiful (women), Global Grind (Millennials) and social networking websites such as BlackPlanet and MiGente. The Company also owns TV One, LLC (tvone.tv), a cable/satellite network programming serving more than 57 million households, offering a broad range of real-life and entertainment-focused original programming, classic series, movies and music designed to entertain, inform and inspire a diverse audience of adult Black viewers. Additionally, One Solution combines the dynamics of the Radio One's holdings to provide brands with an integrated and effectively engaging marketing approach that reaches 82% of Black Americans throughout the country.

#### Notes:

- "Station operating income" consists of net loss before depreciation and amortization, corporate expenses, stock-based compensation, income taxes, noncontrolling interest in income (loss) of subsidiaries, interest expense, impairment of long-lived assets, other (income) expense, loss (gain) on retirement of debt, (income) loss from discontinued operations, net of tax, and interest income. Station operating income is not a measure of financial performance under generally accepted accounting principles. Nevertheless station operating income is a significant basis used by our management to measure the operating performance of our stations within the various markets because station operating income provides helpful information about our results of operations apart from expenses associated with our fixed assets and long-lived intangible assets, income taxes, investments, debt financings and retirements, overhead, stock-based compensation, impairment charges, and asset sales. Our measure of station operating income may not be comparable to similarly titled measures of other companies as our definition includes the results of all four segments (Radio Broadcasting, Reach Media, Internet and Cable Television). Station operating income does not purport to represent operating income or cash flow from operating activities, as those terms are defined under generally accepted accounting principles, and should not be considered as an alternative to those measurements as an indicator of our performance. A reconciliation of net income (loss) to station operating income has been provided in this release.
- 2 For the three months ended December 31, 2015 and 2014, Radio One had 48,220,262 and 47,608,038 shares of common stock outstanding on a weighted average basis (basic and fully diluted), for outstanding stock options, respectively. For the year ended December 31, 2015 and 2014, Radio One had 48,027,888 and 47,525,726 shares of common stock outstanding on a weighted average basis (basic and fully diluted), for outstanding stock options, respectively.
- "Adjusted EBITDA" consists of net loss plus (1) depreciation, amortization, income taxes, interest expense, noncontrolling interest in income of subsidiaries, impairment of long-lived assets, stock-based compensation, loss on retirement of debt, Employment Agreement and incentive plan award expenses, severance related costs, less (2) other income and interest income. Net income before interest income, interest expense, income taxes, depreciation and amortization is commonly referred to in our business as "EBITDA." Adjusted EBITDA and EBITDA are not measures of financial performance under generally accepted accounting principles. However, we believe Adjusted EBITDA is often a useful measure of a company's operating performance and is a significant basis used by our management to measure the operating performance of our business because Adjusted EBITDA excludes charges for depreciation, amortization and interest expense that have resulted from our acquisitions and debt financing, our taxes, impairment charges, gain on retirements of debt, and any discontinued operations. Accordingly, we believe that Adjusted EBITDA provides useful information about the operating performance of our business, apart from the expenses associated with our fixed assets and long-lived intangible assets, capital structure or the results of our affiliated company. Adjusted EBITDA is frequently used as one of the bases for comparing businesses in our industry, although our measure of Adjusted EBITDA may not be comparable to similarly titled measures of other companies, including, but not limited to the fact that our definition includes the results of all four segments (Radio Broadcasting, Reach Media, Internet and Cable Television). Adjusted EBITDA and EBITDA do not purport to represent operating income or cash flow from operating activities, as those terms are defined under generally accepted accounting principles, and should not be considered as alternatives to those measurements as an indicator of our performance. A reconciliation of ne
